The new summer resort of Zemon & Katschinshy west of town had a large crowd over Decoration Day. The management has purchased a new bus and this promises to be one of the many popular summer resorts.

It is rumored that a number of Sonoma Valley capitalists have purchased a hundred or more acres from Mrs. Boynton, east of the ball park at Boyes, and will sell it off as sites for summer homes.

A great deal of interest is being taken in the base ball game to be played at Boyes on June 15th for the benefit of the El Verano Development Association. The game will be between Glen Ellen and Sonoma and no doubt will attract a large crowd.

Things must be dull at the Expositor office in Sonoma for it has offered to do several jobs of printing free of late. The same old story, the big Guy is at it, boycotting to do the other fellow out of it. He don't land the jobs though, as everybody is on to the scheme. Such a scream.

An interesting ball game was played here on Friday of last week between the El Verano Juniors and the Western Foothills. A large crowd witnessed the game which was full of action. The score board read at the end of the ninth inning El Verano 11, Foothills 8. John Basilou was umpire and his decisions were perfect.

A large crowd assembled at Verano station Sunday evening. The band played, while couples danced on the walks and when Charley Miller appeared on the scene every one cheered. John Basilou represented El Verano at Sonoma Grove Sunday. John is a student at the ragging, but tears it off like a professional. The girls all like to rag with Johnnie.

Charley Miller started training for his four-round bout with Jess Williard. Charley says that 13 is a lucky number for him and that he expects to win via the knockout route. He done ten miles on the road Monday, boxed four rounds, punched the bag and skipped the rope and pronounces his wind to be perfect.

A. W. Knox, a well-known real estate man of San Francisco, was here Saturday and Sunday. Mr. Knox arrived here from Mendocino county, where he is at present selling 100 acres of land. Mr. Knox informed the writer that things were booming in the northern county and everything looks good for the crops in that section.

A railway ticket from San Francisco to Sacramento, dated October 5, 1885, was presented to conductor Jeff Gaige on the Sacramento local No. 32 out of Oakland last Saturday. Gaige examined it and to the passenger's query replied curtly: "Yes, this ticket is good." The passenger was E. E. Smith, a San Diego real estate expert, formerly a traveling salesman. The ticket bore the signature of T. H. Goodman, formerly general ticket and passenger agent. A feature of the ticket is that it cost $3.30, which is the price of a ticket over the same route to Oakland. Gaige is one of the oldest conductors in point of service in California and for a long time had the Santa Rosa run. He is well-known along this line. The company highly values the ticket.

P. Grossfield of the metropolis has purchased a small ranch and residence from Ralph Murphy south of town and will go into the chicken business on a large scale.

Charley Miller proprietor of Miller's Villa, Verano, and well known as a white hope has been matched to box Jess Willard, the human sky scraper, at San Francisco June 13. It will be a four-round contest. Louis Parente will stage the bout. Miller is training hard and should give Jess a run for his money.

Charley Danieli, one of the most popular saloon men of this place, whom the big agitator succeeded in putting out of business, has started a soft drink emporium in his former saloon, opposite the postoffice and store. Mr. Danieli, when in business, was looked upon as running one of the best saloons in Sonoma County and we wish him success in his new venture. J. K. Bigelow, if he has any shame at all ought to leave the Sonoma Valley when after all of his agitation he succeeds in closing up a few good saloon men who did not happen to have thirty-five rooms. Most of these men have large families and believe the writer some day the would-be-reformer will be made to eat the dust, just the same as he has made a few of the saloon men do. Because they did not vote for the big "guy" for supervisor, he seeks to get even by putting them out of business and taking the bread and butter from their little one's mouths. Shame on you, Mr. Reformer, and you call yourself a Christian.

ARCHIBALD MCKIVER.
El Verano, June 3, 1913.

Bigelow Again Gets in Wrong

Our contemporary down the street has to take water again this week. Going off half cock in a recent issue it essayed to misrepresent editor W. A. Shepard of the Auburn Herald, son-in-law of the late ex-Attorney General Joe Hamilton of this State, and in its issue of last Tuesday makes an abject of apology for doing so. We are grieved, however, that editor Shepard, paid any attention to the numbskull, and so demeaned himself as to publish an open letter to him, which brought forth the apology. Had Shepard but known the man, he would have treated his strictures with silent contempt. Just the same, Will Shepard, whom we have known for thirty years, gets the appointment of Internal Revenue Collector for his district, and although he has been a consistent Democrat for forty years just as we have been a staunch Republican during that period, we congratulate him because he is in every way a square man, which we cannot say of the Expositor man.

When George Washington was President and it didn't matter very much just how or when things were done, all went well with the date of inauguration, the time for the meeting of Congress, and the holding of elections on the first Tuesday after the first Monday of November. But now nearly a hundred million people have a finger in some part of the scheme of things, and there is a crying need for many changes; nevertheless our young Government is so wedded to its own customs that it is almost impossible to break away from the old-time order. Senator Works of California, evidently feeling encouraged by the fact that the constitution as been amended twice within the past few weeks, has tackled the problem of "terms and elections." Through two bills he has introduced he would change election day from November to August, and provide for annual sessions of Congress from the first Monday in October to the first Monday in June. Congressmen would assume office in October, immediately after election and the President and Vice President would take office in November.

"That's the sixth Studebaker we've passed—the only kind to invest in"

"The only kind—because, as I always say, when a man puts money in a thing he wants to know that he's going to get the worth of it out again."

"That's plain business as I look at it."

"That's why I say the price doesn't tell you anything at all. There's only one thing that talks—except the wagon itself. That's the name of the maker."

"When you buy a Studebaker you're buying a vehicle that has behind it and in it sixty years of experience—sixty years of success—and sixty years of reputation for the square deal. That's why a Studebaker always looks good to me."

"My father used to say that Studebaker honor was as sure as a United States bank note. He was talking after having used Studebaker vehicles since he was a lad, and he told me his father before him said, 'Be safe—get a Studebaker.'"

"Vehicle builders can't hold that sort of reputation now-a-days without delivering the goods. A Studebaker wagon has the *best* in it. That's why a man gets the *most* out of it—why it's always an economy."

"Dealers may say to you something else is 'just as good.' But when you buy a Studebaker, you're making a safe investment every time."

DRUM CORPS PICNIC AND OUTING.

Attracts Large Crowd and is a Decided Success from Start to Finish.

The first annual picnic and outing of the Sonoma Drum Corps was held Sunday at Sonoma Grove Park, west of town, and attracted a great many people from both this valley and the cities around the Bay. Guests arriving on the first morning train were escorted to the picnic grounds by the local Drum Corps, the Sonoma Valley Band and the Native Sons. A special committee awaited the second train which brought a great many more visitors, accompanied by the Alameda Parlor band. For those who did not bring a lunch, a delicious chicken and ravioli dinner had been prepared by the committee in charge and all pronounced it as being some feed. It was not long before the grounds both inside and out were lined with automobiles and other vehicles from Petaluma, Santa Rosa and elsewhere. Dancing was immediately inaugurated in the dance hall and the outside platform, the bands furnishing the music. Foot-races, games, etc., were held at intervals during the afternoon, and at 4:30 the twenty-one gate prizes were awarded the winners. The visiting parlors were forced to take their departure at 6 o'clock and were loud in their praise for the good time that was shown them.

The Drum Corps deserve much credit for their splendid undertaking and are being congratulated on all sides.

BOYES HOT SPRINGS HAPPENINGS.

By Art Hickman.

Mr. Gassoway of the immigration service is registered at Boyes Hotel.

Mrs. Fred. Boynton of Boyes can be seen on the county road learning absolute control of her big Cadillac car just purchased from a Santa Rosa agency.

Miss McNamara, cousin of Miss Mamie Kelly of Woodleaf, is due at the Springs this week and has taken the most attractive cottage in the Park for a lengthy stay.

A very notable visitor in the valley is T. P. McGilligan, sporting editor of the Bulletin. His headquarters are at Caliente and he will spend a fortnight at that resort.

Drs. Parramore, Thomson, Bill Hill and Jack Kelly, autoed to Santa Rosa Tuesday evening, presumably combining business with pleasure, heavy on the pleasure.

Geo. Lull, prominent attorney of San Francisco, spent the weekend with his family in Woodleaf Park, enjoying an occasional horse back ride with his colleague Ashton Stevens.

"Nelse" Long still continues to demand his share of the auto business about the valley. His congenial personality and careful driving are the responsible features of his success.

Mr. and Mrs. E. H. Brown, Secretary of the Chamber of Commerce and Frank Neuman from Santa Rosa, were visitors to the resort over Sunday in their Overland touring car.

Chas. Dowski returned from San Francisco Sunday evening and brought with him Mrs. Dowski and her mother, Mrs. Collins. They are to spend the season at Boyes, where Mr. Dowski is employed.

Parcel Post Tony Graham is back at his post at Boyes P. O. and reports a very enjoyable trip through the southern part of state. He returned via the valley route and was greatly impressed by Porterville's orange belt. Outside of a cold contracted in Los Angeles, Tony appears to be in perfect health

No less than 27 lots were disposed of last Sunday at Sonoma Vista, the Eaton Tract. The lots brought on an average of $600. Bill Gowan was at the sale and was over flooded with contracts for suitable attractive bungalows and now bids fair to be a big contractor in the valley, he having already added three more men to his staff of carpenters.

A big Six Locomobile, hailing from San Rafael, conveyed Messrs. Hansen and Day and a party of motor enthusiasts around the valley this week, finally windidg up at Boyes Springs. They assured their support in the good roads movement and heartily approved of the Black Point cut-off, which means only one hour's ride from San Rafael to this vicinity.

A new and interesting addition to the resort is a motor boat, which glides down the canal at 12 knots an hour carrying the bathers from the hotel to and from the baths. Harold Duffy is at the wheel and has thoroughly mastered the trip so that the most timid need not fear. "Skipper Duffy" of the "Duck Pond navy" hails from San Rafael and is an athlete of no mean ability.

Miss Helen Morris and Mrs. Rich of the Home Farm were entertained this week by Mr. and Mrs. L. Henderson of Oakland. Many auto trips were made to the different resorts and places of interest in their large Pierce Arrow touring car. Young Mr. Henderson remains at the Morris Ranch for his summer vacation, where his folks will join him weekly over Saturday and Sunday registering at Boyes Hotel.

Next Sunday the Boyes team will take on the Vaughn & Frasers' a bunch well-known to the followers of bushbase ball.

Miss Ramona Granice of the Tribune staff, drove her big Hudson to the different points of interest Sunday, winding up at Boyes for the finish of the ball game.

The ball game Sunday between the I. X. L. Tomale Co. and the Boyes nine, resulted in a victory for the latters. The game was too one sided to be of vital interest, the score being 13 to six.

Earle Caldwell of Boyes entertaining staff, with his home in San Anselmo, has returned to San Francisco to study in the Buster-Nelke School of Acting and Elocution and promises to become one of the most brilliant juvenile leads on the coast. Young Caldwell just celebrated his 22nd birthday here on May 31st, and many toasts were given to his success in this venture. He will still be the guest of Art Hickman at Boyes every Friday, Saturday and Sunday. During his four months course of training he will be succeeded by another brilliant entertainer.

Ex-Senator Frank Sprague is devoting his time and energies toward making the benefit ball game between Sonoma and Glen Ellen a success. The cause is a most worthy one, it being for the El Verano Development Association to carry out some of its progressive movements that are on the griddle. The game is to be a good one, there being much rivalry between the two teams of the valley. The day is Sunday, June 15th, the place is Boye Springs ball park and the admission is 25c. Everyone should exert themselves to show their interest in this movement, and if it is impossible to attend, no one should be without at least a ticket to his credit. The entire receipts are to be turned over for the betterment of the valley and both teams are donating their services for this occasion and should surely be rewarded by a large audience. Are you there? BOOST.

Lively ball game at Boyes Springs tomorrow.

June Meeting of City Trustees

The Board of City Trustees met in regular monthly session last Wednesday evening.

Mayor Cummings called the meeting to order, all the Trustees being present except J. D. Wagnon.

The minutes of the previous meeting having been read and approved the following bills were allowed and ordered paid:

League of Cal. Municipalities, $10.00; L. Breitenbach, street sprinkling, $68.28; R. A. Poppe, salary, $25.00; Cal. T. & L. Co., 50c; Wooden & Little, suction hose, $26.40; S. V. W. L. & P. Co., water, $176.00; F. Poulson, labor, $4.50; Thos. Lewis, surveying, $18.75; G. A. Goess, labor, $14.10; P. Basaglia, cement work, $63.29; J. H. Albertson, salary, $15.00; R. During the session a committee from the Woman's Club, headed by Mrs. Carrie Burlingame, its President, waited upon the Board and asked the Trustees to cooperate with them in making their three-day's Fiesta on July 3d, 4th 5th, a success. With this idea in view Mrs. Burlingame requested that Mayor Cummings appoint a committee of citizens on parade, program, etc. The request was granted.

No other matters coming up for consideration the Board adjourned to Friday evening, when the Sonoma City Water Works proposition to supply the city with water for fire protection, street sprinkling and other purposes for $100 per month for a term of five years will come up for consideration.

Congregational Church Sunday June 8th.

Morning worship at 11 a. m.

The pastor will speak of the motive of men when they produce Christian Action. But our main purpose is to give unto God the honor and glory due unto God for His favors during the week. It is not a matter of going to church it is a matter of being honest with God. Evening worship at 8 p. m. The object will be to show that God is omniscient and that evil is the greatest of our foes. Not the evil that exists in others for it does exist in us sometimes as well as others. The mid-week service is a means of grace to help us on to God. Try and be there for who is there that does not need grace. The Sunday School is arranging for its picnic. Come with us. T. M. Price.

Did you read the account of the St. Louis Congress that was promoting and fostering the idea of world unity? Have you noticed the tie of nations in the thick of labor? Great Britain and the United States are arranging a celebration of their treaty of peace 100 years old to help on the idea that it shall never end. The world consciousness that it is one and must act accordingly by is what Jesus died to bring about. He is the Savior of the world.

Supervisors Grant Liquor Licenses.

At Thursday's session of the Board of Supervisors saloon licenses were granted H. P. Mathewson of "The Gables," Verano, and Joseph Pancrazi of Glen Ellen, in compliance with the Roadhouse Ordinance making 35-room hotels eligible to licenses.

Figuring Horse-Power of Automobile Engines

To find the horse-power of your motor-car, square the diameter of the cylinder, multiply it by the number of cylinders, and divide it by 2½.

"That is the rule adopted by the Society of Automobile Engineers. It is not absolutely accurate but it is approximately so, at a definite piston speed, and it is at least as fair for one maker as for another.

"While we are interested in this computation, still the Hudson cars are not rated according to any arbitrary formula. We test Hudson engines on a dynamometer, which gives readings showing actual brake horse-power. The motor of the "54," a Six-Cylinder car develops 57.8 horse-power at 1,500 revolutions per minute. At a little higher engine speed it shows 65 horse-power.

"It is hardly fair therefore to any of the modern efficient motorcars to use the standard S. A. E. rating. Efforts are being made to secure a more accurate formula, and it is likely that this will be accomplished. Practically all motors are now made with the long stroke. This affects very much the accuracy of the standard rating."

Hay Market.

Somers & Co., San Francisco, in their bulletin for the week ending June 3d, have this to say in regard to the condition of the hay market:

"There has been nothing new developed during the week to change the hay situation. Receipts continue about the same, total arrivals for the week amounting to 2240 tons in comparison with 2383 tons the week previous. A large portion of these arrivals consisted of first cutting alfalfa, which is now beginning to come in rather freely from the river district, but is moving rapidly so that there is no accummulation of this class of hay on the market. Grain hay continues to weaken in price, occasioned by the lack of demand on the part of the consuming trade, buyers evidently desiring to wait until the market for new hay is established before making any purchases except for immediate requirements.

"There has been very little new grain hay brought to market as yet, although there probably will be considerable arrive from now on. The quality of the new hay seems to be excellent, and if not damaged by unseasonable rains the new hay will give excellent satisfaction both to dealers and consumers."

Stone Bridge for Sonoma Creek at Embarcadero

The plans for a stone bridge to replace the wooden structure across Sonoma Creek at Embacadero, which recently collapsed owing to old age, have been adopted by the Board of Supervisors. The plans were prepared by C. Sherer of this city and bids for building the same have been advertised to be received up to noon on July 9th.
